

Swedish Eustory – 2011/2012 history competition

This year's topic was "Life in Change! – 20th century history in a local perspective". We sent out leaflets with information about the competition to the schools both before and after the summer vacation. The information was, of course, also available on our website: www.svenskaeustory.se

We received 70 contributions from more than a 100 students making this the most successful competition round in the history of Swedish Eustory. The three best students (Matilda Frimodig from Jensen Gymnasium, Örebro, Elin Andersson and Ola Borre, both from Hässleholms Tekniska Skola) and their teachers (Patrik Ringholm and Jessica Landgren) were rewarded for their excellent work in a small ceremony at Högskolan Kristianstad. The award ceremony for the fourth competition round in Sweden was held in Kristianstad 29th of May, 2012, and the winners received books, flowers, diplomas and a small amount of money for their hard work.
